OBJECTIVE

Seeking an industrial and Supply Chain challenge to express my skills and motivation.

EXPERIENCES

SUPPLY CHAIN ENGINEER • NGRAVE • BELGIUM • 07/2020 – CURRENT:

In my role as a Supply Chain Engineer at Ngrave, I am entrusted with the comprehensive supervision of Supply Chain including planning, procurement, production, distribution, and cost optimization, employing Lean Six Sigma methodologies to enhance efficiency. I assume responsibility for supplier management, leading vital projects, and directing continuous improvement initiatives, encompassing process management. Furthermore, I conduct rigorous risk assessments and mitigation strategies for critical components. My primary objective is to ensure the seamless operation of an efficient Supply Chain that contributes significantly to the growth and success of the organization, all while maintaining a strong focus on quality management.

LOGISTICS & CUSTOMER SERVICE SPECIALIST • AISIN • BELGIUM • 07/2020 – 03/2022:

At Aisin, I managed the Supply Chain for automotive manufacturers like Toyota, handling procurement, invoicing, and crisis management through Kaizen initiatives. I implemented an efficient inventory process that contributed to successful financial audits and played a key role in process implementation during a merger with AW Europe, resulting in improved customer satisfaction and meeting performance.

INDUSTRIAL PROJECT MANAGER • GONZALES • VIETNAM • 10/2018 – 12/2019:

During my assignment, I took on the responsibility of overseeing the manufacturing of specialized machines, from drafting the technical proposal including pricing and deadlines, to delivering the final product to the customer. I efficiently managed subcontracting, manufacturing, testing, and quality control while ensuring cost, quality, and deadline objectives were met. Through customer satisfaction and achieving my goals, I successfully accomplished my missions.

SUPPLY CHAIN CONSULTANT • CAPGEMINI • APPRENTICESHIP • 09/2017 – 10/2018:

During my Capgemini apprenticeship at Airbus Helicopters, I specialized in project management, inventory control, auditing, and Supply Chain management, assisting project managers in achieving success.

APPRENTICE MANAGER • FIGEAC AÉRO • APPRENTICESHIP • 09/2014 - 09/2016:

I honed skills in team management, customer relations, productivity, quality control, information systems, Lean management, production, and planning. I led projects that improved customer satisfaction, quality, and productivity.

MANUFACTURING TECHNICIAN • INTEGRA • APPRENTICESHIP • 09/2012 - 09/2014:

As a manufacturing technician, I set up machining centers and conducted production.
